WHAT IS CAST IRON BATHTUB

Novabath Cast Iron bathtub specializes in high end hotel projects that require thick layer of porcelain glaze on the exterior of the molded molten iron.

For project inquiry, we provide special customized design. Available in various sizes, textures and colors

- Excellent Heat Retention, as the thick irons acts as heat preserver to keep the bathwater warm much longer.
- Life-Time durability, it can last up to 50 years with proper maintenance.
- Resistant to moisture and bacteria
- Sound Insulation, the density of the material softens the sound of running water.
